AI-Assisted Development

Claude Code, GitHub Copilot

Practices

TDD, Unit & Regression Testing, Clean Code & SOLID, Agile Development, Code Review, Problem Solving

PROFILE

Senior Software Engineer aka Full Stack Developer with 9+ years building and maintaining web applications across PHP/WordPress and JavaScript stacks (React, Next.js, Vue.js, Angular).

From sketch to deploy, I do have experience with everything in between related to website/product creation. Love to interact with other teams to help improve and love complex bugs/challenges.

Core strengths:

- Backend: PHP, Laravel, Symfony, WordPress (custom plugins/themes, WooCommerce, Gutenberg), REST APIs, MySQL
- Frontend: React, Next.js, Vue.js, TypeScript, Tailwind CSS
- Cloud & DevOps: AWS (EC2, RDS, S3), Azure, Docker, CI/CD, Nginx
- Practices: TDD, Clean Code/SOLID, Agile, Code Review

Fluent in English and Portuguese, Advanced Spanish with hands-on experience in distributed, cross-cultural teams (US, LATAM).
